## Terms of use

By accessing or using these BCPSEA posted resource materials, you agree to be bound by these terms and conditions.

**Content:** Although BCPSEA endeavors to ensure that the information provided within these resource materials is as accurate, complete and current as possible, BCPSEA makes no representations or warranties about the information, including in respect of its accuracy, completeness or currency. BCPSEA assumes no responsibility for any loss or damage to you or any other person, howsoever caused, that is in any way related to the information found within these resource materials or your use of it.

**Intent:** The content within these resource materials is provided for educational and general informational purposes. It should not be considered as solicitation, endorsement, suggestion, advice or recommendation to use, rely on, exploit or otherwise apply such information or services.

# Introduction

The Workplace Violence Worker Experience Survey will help the school district and sites to get further insight into the impact of workplace violence on the workforce. The survey is a support mechanism to obtain qualitative feedback from workers as it relates to workplace violence. The results of the survey should be summarized into the qualitative experience table in the Workplace Violence Risk Assessment thus completing the feedback loop.

## Workplace Violence Worker Experience Survey - Questions

Please note that comments that pertain to the immediate safety of a worker or experiences that are critical to your day to day safety must be discussed directly with your supervisor or your JHSC representative and not communicated using this survey. Comments in this survey will not be responded to directly.
